OLUWASEUN O. AJAYI

Leadership & Community Service

- **Trainee Council Member (Elected)**

Society for Redox Biology and Medicine (SfRBM) | January 2027–December 2028
Elected by the SfRBM trainee membership to a two-year term on the Trainee Council, the body that represents and supports early-career members of the Society. Contribute to trainee programming, professional development initiatives, and representation of student and postdoctoral members within a leading international society for redox biology and medicine.

- **President**

Johnson & Johnson – Spring House Intern & Co-Op Association **|** July–August 2026
Appointed President of the Spring House Intern & Co-Op Association following a leadership transition to provide strategic direction and ensure organizational continuity. Led the executive team in advancing professional development, networking, community engagement, and inclusion initiatives for interns and co-ops across Johnson & Johnson's Spring House R&D site. Oversaw organizational planning, communications, budgeting, and long-term leadership continuity efforts while developing a sustainable knowledge transfer framework to strengthen future leadership and enhance the overall intern and co-op experience.

- **USA Student Ambassador, Society of Actuaries (SOA)**

Society of Actuaries (SOA) **|** July 2026–Present
Selected to serve as a USA SOA Student Ambassador to promote awareness of the actuarial profession and career opportunities on campus. Engage in campus outreach initiatives, represent the Society of Actuaries within the university community, and support student engagement through educational programming and professional development activities. Collaborate with the SOA Ambassador team and program leadership to expand awareness of the actuarial profession and connect students with resources, events, and networking opportunities.

- **Workgroup Member, MSACL-CAC Training Workgroup**

Mass Spectrometry & Advances in the Clinical Lab (MSACL) Clinical and Applied Chemistry (CAC) Committee **|** April 2026–Present
Selected to serve on the MSACL-CAC Training Workgroup, a professional committee established to develop and disseminate free, web-based educational resources for clinical mass spectrometry practitioners. Contributed to strategic planning, identification of workforce training needs, evaluation of existing educational resources, and development of accessible training materials for laboratory professionals. Collaborated with experts across academia, clinical laboratories, and industry to advance workforce development and professional education within the clinical mass spectrometry community.

- **Vice President**

Johnson & Johnson – Spring House Intern & Co-Op Association **|** April– July 2026
Selected as Vice President of the Spring House Intern & Co-Op Association at Johnson & Johnson's Spring House site, the company's largest R&D location for pharmaceutical innovation. Supported intern and co-op engagement initiatives and contributed to organizational operations,

including financial oversight, budget review, and coordination of professional development and community programming. Collaborated with executive leadership to enhance intern experience across a large, multidisciplinary research environment.

- **Finance Committee Vice Chair, Board of Directors**

Women in Cleantech & Sustainability (WCS) | Jan 2026–Present
Invited to serve on the Finance Committee of the Board of Directors and promoted from committee member to Vice Chair. Responsibilities include budget review, financial oversight, and participation in board-level governance for a national cleantech and sustainability nonprofit.

- **Member, Communications Committee**
  International Society for Evolution, Medicine, and Public Health | Nov 2025–Present
  Appointed by the ISEMPH Council to strengthen digital engagement and member communications globally. Develop social media content highlighting evolutionary medicine research, conferences, and member achievements. Collaborate on communications strategy connecting researchers and practitioners.
- **Student Advisory Board Member**
  1,000 Dreams Fund | Sep 2025–Present
  Selected from national scholarship applicants to advise a nonprofit empowering young woman in education and careers. Evaluate scholarship applications for $1M+ in funding, contribute to fundraising strategies, and support STEM, healthcare, and emerging technology initiatives.
- **Board Member**
  StudentsCare | Sep 2025–Present
  Provide governance and strategic oversight for a national nonprofit connecting undergraduate healthcare students with hospitalized children and isolated older adults.
- **Secretary**
  Society for Advancement of Chicanos/Hispanics and Native Americans in Science Georgia Chapter | Jul 2025–Present
  Support chapter operations, meetings, and communications to advance diversity, mentorship, and leadership development in STEM.
- **3rd Term Ambassador**
  University of Georgia Office of Emergency Preparedness | Jun 2024–Present
  Advance campus safety and emergency preparedness through outreach, training, and program coordination. Liaise between students and administration to enhance engagement and institutional resilience.
- **Member**
  University of Georgia Medical Reserve Corps | July 2023–Present
  Participate in public health education and emergency preparedness initiatives in collaboration with local and state agencies.

- **Member**
  University of Georgia Veterinary Medicine Pollinator Meadow Project | Aug 2023–Present
  Support sustainable habitat research, biodiversity, and ecological restoration through faculty and community collaborations.

Volunteer & Mentorship Highlights

- **STEM Pen Pal and Mentor**

Letters to a Pre-Scientist **|** September 2026–Present
Selected and matched with a middle-school student after completing the program's required STEM professional training. Participate in structured, themed correspondence integrated into classroom activities, translating my doctoral research and experiences as a scientist into accessible, student-centered language while providing individualized STEM mentorship and helping broaden the student's understanding of STEM professionals and career possibilities.

- **Mentor**

ACS Division of Biochemical Technology (BIOT) Mentorship Program | August 2026–Present
Selected as a mentor in the ACS Division of Biochemical Technology (BIOT) Mentorship Program. Provide ongoing professional mentorship to a fellow scientist through monthly conversations focused on career development, skills, experiences, and navigating professional growth within the field.

- **Conference Volunteer**

SciX 2026 Conference | Sparks, NV, USA **|** October 4–9, 2026
Selected to volunteer in support of conference operations and attendee engagement at the 2026 SciX Conference. Contributed to the successful execution of the scientific meeting while supporting the professional community in analytical chemistry and related disciplines.

- **Conference Volunteer**

SERMACS/SWRM 2025 – American Chemical Society | Orlando, FL, USA **|** October 26–29, 2025
Volunteered in support of on-site conference operations and event activities at the SERMACS/SWRM 2025 conference. Worked alongside conference leadership and organizing staff to support the successful execution of the scientific meeting, gaining direct experience in the coordination and delivery of a major regional scientific conference.

- ***America Needs You*** | (Jan 2024–Present): Mentor first-generation college students, supporting equity and career advancement.
- ***UGA Serve*** | Engage Georgia | (Aug 2023–Present): Volunteer for local nonprofits addressing food security, homelessness, and educational equity.
- ***Feed My Starving Children*** | (Apr 2024–Present): Pack meals supporting humanitarian relief for children in need.
- ***United Nations Volunteers*** | (Dec 2023–Present): Contribute to global volunteerism, advocacy, and policy dialogue.

- ***UGA Science Olympiad & CURO*** | (Feb 2025–Present): Facilitate STEM competitions and undergraduate research events.

Scientific Review & Evaluation Service

- **Scholarship Committee Member**

University of Georgia Office of Global Engagement (OGE) | Fall 2023–Present
Serve as a member of the OGE Scholarship Committee, contributing to the review and evaluation of scholarship applications for University of Georgia students. Participate in the assessment of student essays and application materials for OGE scholarship programs, supporting a competitive selection process and helping expand educational and international opportunities for students.

- **Scholarship Reviewer**

Great Minds in STEM **|** June 2026–Present
Reviewed and evaluated scholarship applications from STEM students, providing impartial assessments to support the selection of scholarship recipients and promote excellence in STEM education.

- **Abstract Reviewer, 2026 Undergraduate Poster Competition**

National Organization for the Professional Advancement of Black Chemists and Chemical Engineers (NOBCChE)**|** June 2026
Reviewed and evaluated undergraduate research abstracts for the 2026 NOBCChE Undergraduate Poster Competition.

- **Abstract Screener**

American Association of Pharmaceutical Scientists – PharmSci 360 | Apr 2026–Present
Selected to review and score scientific poster abstracts for a major international pharmaceutical sciences conference. Evaluated submissions for rigor, novelty, and methodological quality.

- **Mentor Judge**

SACNAS National Diversity in STEM (NDiSTEM) Conference* | *Columbus, OH, USA **|**
October 30–November 1, 2025
Selected to serve as a mentor judge for student researchers at the SACNAS National Diversity in STEM (NDiSTEM) Conference. Evaluated student research presentations and provided constructive feedback and mentorship, contributing to the professional development and recognition of emerging scientists at a national scientific conference.

- **Conference Judge**

National Organization for the Professional Advancement of Black Chemists and Chemical Engineers —National Conference | Sep 2025–Present
Evaluated student research presentations, assessing scientific merit, methodology, and communication quality.

- **Scholarship Review Committee Member (SAB)**

1,000 Dreams Fund | *Apr 2026–Present*
Reviewed and scored scholarship applications using structured evaluation rubrics; contributed to selection decisions for competitive funding awards.
