

Selected Conference Presentations (Oral/Poster)

- **2026 SciX Conference** – Sparks, NV, USA | 4–9 October 2026
High-Throughput Biophysical Screening as an Analytical Strategy for Characterizing Biosynthetic Enzymes: A Case Study with AprL Aminotransferase (Poster Presentation)
- **2026 Stem Cell & Developmental Biology Early Career Symposium** – Seattle, WA, USA | 23–25 September 2026
Mechanistic and Structural Investigation of AprL, a PLP-Dependent Aminotransferase in Apramycin Biosynthesis (Poster Presentation)
- **NOBCCHE 2026** – Cincinnati, OH, USA | 21–24 September 2026
Mechanistic and Structural Investigation of AprL, a PLP-Dependent Aminotransferase in Apramycin Biosynthesis (Oral/Podium and Poster Presentations)
- **ACS Fall 2026** – Chicago, IL, USA | 23–27 August 2026
High-throughput screening to enable structural and functional studies of AprL in apramycin biosynthesis (Poster Presentation)
- **Cancer Glyco X-2026** – Van Andel Institute, Grand Rapids, MI, USA | 5–6 May 2026
Optimizing PGC LC Ion Mobility Mass Spectrometry for Structural Characterization of Cancer-Related N-Linked Glycans (Poster & Poster Highlight Talk)
- **ACS Spring 2026** – Atlanta, GA, USA | 22–26 March 2026
Structural and Mechanistic Characterization of AprL, a PLP-Dependent Aminotransferase in Apramycin Biosynthesis (Poster Presentation)
- **SLAS 2026** – Boston, MA, USA | 7–11 February 2026
Systematic Cofactor Reconstitution of AprL Aminotransferase Enables Antibiotic Biosynthesis Studies (Poster Presentation)
- **17th Multidimensional Chromatography Workshop** – Williamsburg, VA, USA | 13–15 January 2026
Temperature-Optimized Porous Graphitic Carbon Chromatography for Improved Resolution of High-Mannose Glycans (Oral Presentation)
- **Pfizer Chemistry Connect** – Online | 12 November 2025
Integrated Computational Pipeline for PLP-Dependent Enzymes Applied to AprL Aminotransferase (Oral Presentation)
- **NDiSTEM Conference (SACNAS)** – Columbus, OH, USA | 30 October–1 November 2025
Overcoming Cofactor Incorporation Challenges in PLP-Dependent Aminotransferase AprL for Antibiotic Biosynthesis Research (Poster Presentation)
- **SERMACS/SWRM 2025** – American Chemical Society, Orlando, FL, USA | 26–29 October 2025
Enabling Structural and Functional Characterization of AprL Aminotransferase: Optimized Cofactor Reconstitution for Antibiotic Biosynthesis Research (Poster Presentation)

- **Doctoral Colloquium 2025** – University of Mauritius | 8–10 October 2025 *Structural and Mechanistic Insights into the PLP-Dependent Aminotransferase AprL: Toward Understanding Aminoglycoside Biosynthesis*
 - **ISMND NextGen 2025** – Online | 25 August–26 September 2025
Enzymatic Platform for Neurotropic Antibiotic Development: Addressing Multidrug-Resistant Neuroinfections in Neurodegenerative Disease Populations (Oral Presentation)
 - **Enzymes, Coenzymes and Metabolic Pathways Gordon Research Conference** – New Boston, New Hampshire, USA | 20–25 July 2025
Heterologous Expression, Purification, and Cofactor Binding Analysis of the PLP-Dependent Aminotransferase AprL from Streptoalloteichus hindustanus (Poster Presentation)
 - **Enzymes, Coenzymes and Metabolic Pathways Gordon Research Seminar** – New Boston, New Hampshire, USA | 19–20 July 2025
Heterologous Expression, Purification, and Cofactor Binding Analysis of the PLP-Dependent Aminotransferase AprL from Streptoalloteichus hindustanus (Poster Presentation)
 - **Southwest NOBCCChE Virtual Symposium 2025** – Online | 17–18 July 2025
In Silico Structural and Functional Analysis of AprL, a PLP-Dependent Enzyme from Streptoalloteichus hindustanus (Oral Presentation)
 - **SCBDDS 2025** – University of Georgia, Athens, GA, USA | 21 May 2025
Investigating the PLP Cofactor Binding State of AprL from Streptoalloteichus hindustanus: Insights into Its Functional Activation (Poster Presentation)
 - **15th Southeast Enzyme Conference (SEC)** – Atlanta, GA, USA | 26 April 2025
Structural and Functional Characterization of AprL from Streptoalloteichus hindustanus in Carbohydrate Biosynthesis (Poster Presentation)
-

Selected Conferences Attended (No Presentation)

- **Women in Chemicals 2026 Conference**, Miami, FL USA | 14–16 September 2026
(Invited Participant/2026 Woman of the Year Awardee and Interviewee)
- **The Future of Bio/Pharmaceutical Analysis Online Summit** – Online | 23–25 June 2026
- **TDX CONVERGE 2026** – Online | 2–3 June 2026
- **Infectious Disease Symposium** – Online | 19–20 May 2026
- **Addressing Declining Pollinator Populations Through New Mathematics** – American Institute of Mathematics, Pasadena, CA, USA | 30 March–3 April 2026
(Invited Participant)
- **PhD Career Conference** – Online | 4–8 May 2026
- **SMARTSCIFRIKA Virtual Conference 2026** – Online | 30 April–1 May 2026

- **CareerCon 2026 (SACNAS)** – *Online* | 7–9 April 2026
- **The 7th Annual CNPD Conference** – *Online* | 2–6 March 2026
- **Bionano Symposium 2026** – *Online* | 23–26 February 2026
- **Wolfram System Modeler User Conference 2026** – *Online* | 18 February 2026
- **Antimicrobial Chemotherapy Conference 2026** – *Online* | 4–5 February 2026
- **Current Trends in Seized Drug Analysis Symposium** – *Online* | 26–31 January 2026
- **Africa Summit for Sustainable Development (ASSD 2026)** – *Online* | 22–24 January 2026
- **7th EFMC² Tandem Talks** – *Online* | 4 December 2025
- **ACS Bridge Career Conference 2025** – *Columbus, OH, USA* | 1–3 November 2025
- **Advances in Proteomics & Metabolomics 2025** – *Online* | 22–23 October 2025
- **2025 Annual Meeting of the American Crystallographic Association (ACA)** – *Hybrid* | *Chicago, IL, USA* | 18–23 July 2025
- **London Biotechnology Show 2025** – *Hybrid* | *London, UK* | 18–19 June 2025
- **LSE Virtual Scientific Vendor Expo** – *Online* | 23 May 2025
- **The State of Multiomics & NGS** – *Online* | 23 April 2025
- **PREDICT Symposium 2025** – *Online* | 18 April 2025
- **Atlanta-Athens Mass Spectrometry Discussion Group (AAMSDG) 2024** – *Athens, GA, USA* | 28 March 2025
- **The 12th Annual Chess & Community Conference** – *Athens, GA, USA* | 29 March 2025
- **Advances in Cancer Therapies and Diagnostics** – *Online* | 18–19 March 2025
- **UGA-GCC Joint Cancer Center Retreat** – *Athens, GA, USA* | 4 December 2024
- **Alpha-Gal Symposium 2024** – *Athens, GA, USA* | 20–21 November 2024
- **Leeds-UGA Global Drug Discovery Symposium** – *Athens, GA, USA* | 7 November 2024
- **Sustainable Solutions for Climate Change Mini-Symposium** – *Athens, GA, USA* | 18 October 2024
- **SCIEX Summit 2024** – *Framingham, USA* | 24–26 September 2024
- **Advances in Drug Discovery & Development** – *Suffolk, UK* | 18–19 September 2024

- **2024 Infectious Disease & Antimicrobial Resistance Digital Forum** – *Wilmington, USA | 9 July 2024*
- **Cresset User Group Meeting** – *Cambridge, UK | 18–19 June 2024*
- **11th Annual Online Career Conference for PhDs** – *Online | 6–10 May 2024*
- **Georgia Glycoscience Symposium 2024** – *Athens, GA, USA | 1–2 May 2024*
- **International Electronic Conference on Biomolecules (IECBM 2024)** – *Online | 23–25 April 2024*
- **Graduate Student Career Conference** – *Athens, GA, USA | 12 January 2024*
- **BICAID Conference** – *Athens, GA, USA | 15–18 November 2023*
- **Atlanta-Athens Mass Spectrometry Discussion Group (AAMSDG) 2023** – *Atlanta, GA, USA | 20 October 2023*
